

DEL MAGUEY SINGLE VILLAGE® MEZCAL

Founded in 1995, Del Maguey Single Village® Mezcal introduced the world to previously unavailable artisanal mezcal. Through deep cultural relationships with indigenous producers in Oaxaca and Puebla, Mexico, Del Maguey protects and preserves the ancient production processes that have been passed down generationally for hundreds of years. These traditional methods, combined with the diverse micro-climates and terroir of Mexico, give each expression a unique, complex character that celebrates the art of the family producer.

TOBAZICHE

Del Maguey Single Village® Mezcal brings you a special limited edition from our Vino De Mezcal series from Marcos Cruz, the son of Paciano, our palenquero of San Luis del Rio. This remarkable Tobaziche is crafted completely from wild magueys. Tobaziche is a member of the Karwinskii family, the “upright agaves,” and is closely related to Madrecoix. The corazon is actually the trunk of the plant, and is roasted underground in the centuries-old tradition, fermented in open wooden tanks with ambient, wild yeasts, and distilled to proof in copper alembic stills. The resulting artisanal mezcal has incredibly sweet fruit notes and a rich yet soft mid-palate, but it is also incredibly mineral-driven, remarkably complex, and has a very long finish. It is a cornucopia of tropical fruit, with the characteristic green herb, capsicum and dusty quality of Tobaziche, with an unmistakable, crazy, zingy quality!
